DETAILED ACTION

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Independent claims 40, and 43 could be interpreted as purely software which is not statutory subject matter. Inclusion of a computer readable medium and or hardware processor would overcome this USC 101 rejection.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Claims are allowable in view of the amendments on the record, and the approved Terminal Disclaimer .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 22, 24-31, 33-39, are allowed

Claims 40, 42-48 would be allowed if the USC 101 rejection was overcome.
